# ASTRO2018

# MORRIS MUSEUM ASTRONOMICAL SOCIETY

## Speakers:

**12:30PM** – *Missy Holtser* “Exploring Our Invisible Universe on SOFIA.” A first-hand experience onboard NASA’s Stratospheric Observatory for Infrared Astronomy

**2:00PM** – *Krishnadas Kootale* “Everything You Need To Know To Fly To Mars.” A close look at what we need to get to Mars, and back. Don't pack your bags and put on your space suits, just yet.

## Children’s Craft Projects:

Crafts and a space themed science experiment in the BASF'S Kids' Lab  
Touch the Music with Claudia Lemmerz

## Additional Activities:

Telescope Training & Telescope Clinic

(bring your scope if you have one!)

NASA 3D Posters/Pictures

Remote Video Astronomy Display

Meteorite Display

Telescope Display

Question & Answer Table
